- mutual benefit on the long-term perspective
- *MiPmembers* support the *MiPsociety* and will benefit at Meetings

# Industry partners

---

Dear ##:

We would like to ask you, if your company ### will be interested in joining the MITOEAGLE network. During our next MITOEAGLE Grant Periods we want to organize sessions with specific participation of stakeholders in mitochondrial physiology. Partners from the industry are welcome in the COST Action to participate in

- Sessions and round table discussions dedicated to industrial participation at MITOEAGLE events
- STSMs with industry acting as home/host institution.

As step 1, your company would be listed as a member in the MITOEAGLE network, potentially followed by e-COST registration:

» [MITOEAGLE network](#)

We are looking forward to hearing from you, ..
